SUMMARY

A full-stack developer enthusiast of front-end development. Especially involved in web development using TypeScript, React, and Redux. Also interested in Backend/Web Development, Django, Django Rest Framework, Restful API, and PostgreSQL. Excited to learn new technologies, innovation and problem-solving.

SKILLS

Programming Languages: TypeScript, JavaScript, ES6

Frontend: HTML, React.js, Redux.js, JQuery, AJAX, Axios, Next.js, Formik/Yup

Backend: Node.js, Express.js, Django, Django Rest, Mongoose

Styling: CSS, SASS, Bootstrap, MaterialUI, Tailwind CSS, Styled Components

Database: SQL, PostgreSQL, SQLite3, Realtime, MongoDB

Tools: Postman, VSCode, Git, GitHub, Netlify, Vercel

Testing: Jest.js, Cypress.js

Soft Skills: Detail-oriented and persistent, Strong problem-solving and initiative skills, Persistent and determined, Flexible and open to change, Able to use my own initiative, Have problem-solving skills, Self-learner

PROJECTS

- **StockApp :** is an online single page web application that enables you to manage orders and inventory with ability to get, add, edit, or delete products, firms, brands, sales, and purchases. Technical Stack; React.js, Redux Toolkit, HTML, CSS, JavaScript for the frontend, and Node.js with Express.js for CRUD operations and authentication-authorization in the backend.
- **Fireblog App :** In this project, it is aimed to create blog posts using firebase realtime-database and display them on the dashboard. Adding, deleting and updating blog posts can be done. In the project, firebase realtime-database library was used for storing data, material-ui library for styling, react-router library for page transitions, formik and yup libraries for form structure and validation, and react-toastify library for notifications. In addition, firebase was used for login and authorization processes.

PROFESSIONAL EXPERIENCE

Frontend Developer, Clarusway - Internship

July 2024 – Present

- Collaborated with a team to design and develop responsive web applications using React.js, Redux, and TypeScript.
- Implemented interactive UI components and optimized application performance by identifying and resolving issues in real-time.
- Built reusable components with Material-UI and Tailwind CSS for consistent UI.
- Gained hands-on experience with state management tools like Context API and Redux Toolkit for efficient data handling.
- Integrated RESTful APIs for dynamic data rendering and performed debugging to ensure seamless application functionality.

Field Representative, CPE Painting & Decoration Inc, Toronto

Feb 2022 - Feb 2023

- Conducted field sales activities for a leading company in the paint industry.
- Identified potential customers in target markets, expanding the customer portfolio.
- Increased sales and ensured customer satisfaction by highlighting product features and advantages.

International Sales Manager, Otomatsan Makine San. Ltd, Istanbul

Aug 2018 - Nov 2021

- Managed a distributorship unit to oversee the sales of vending machines worldwide. Installed thousands of vending machines worldwide with +35 exclusive country distributors and hundreds of sub-dealers.
- Identified and trained new candidates who are interested in becoming our distributors. Formulated the business plan with the candidate who wants to be the country distributor and presented it to management.
- Motivated and guided the team by consistently monitoring and aligning daily, weekly, and monthly goals, ensuring sustained energy and focus toward achieving objectives.

EDUCATION

- **ILAC College,** Sales and Marketing, Toronto, Ontario, Canada 2021 – 2023
- **Uludag University,** Business Administration, Bachelor's Degree Turkey 2015 – 2019

CERTIFICATIONS

- Front-End Web Development Certificate, Arabuleu & Udemy Mar 2023
